

VEHICLE TEST – IMPORTANT INFORMATION

Environmental Management has requested that you arrive at the vehicle test station 10 minutes prior to your appointment time; this will assist them to prove the relevant paperwork thus avoiding unnecessary delays.

It has been brought to our attention that the interior and exterior of vehicles are not being kept in a clean condition. Environmental Management have requested that the vehicles be washed before being presented for testing.

Environmental Management reserve the right to refuse to test the vehicle if presented in an unsatisfactory appearance. A fee would be payable to re-book for the re-test on this occasion.

Please take your registration document (log book) with you, and if you have a current MOT certificate you must present it at the test station prior to the commencement of the MOT test.

The location of the vehicle test station is;

Intended Use Policy for the Licensing of Hackney Carriages – Adopted by Cabinet Committee on the 05.10.15

Reasons for Policy

The Council wishes to ensure that applications for the granting of hackney carriage licences are determined in accordance with the aim of maintaining the safety of the public through having safe vehicles, fit and proper drivers and appropriate conditions of hire. This is best achieved through a licensing regime that can be applied and enforced by the local Licensing Authority as described by the High Court in its judgement and the declaration made in the case of Newcastle City Council v Berwick upon Tweed Council [2008].

Applications for the New Grant and Renewal of a Hackney Carriage Licence

Applicants for new hackney carriage vehicle proprietor licences and renewals of licences shall be expected to demonstrate a bona fide intention to ply for hire within the local authority area of the Borough of Rochdale under the terms of the licence for which application is being made.

Each application will be decided on its merits. However, there will be a presumption that applicants who do not intend to entirely or predominantly ply for hire within the local authority area of the Borough of Rochdale, will not be granted a hackney carriage vehicle licence authorising them to do so.

Even where the applicant intends to ply for hire, to a material extent, in the Borough of Rochdale local authority area, if the intention is also to trade in another authority's area for a substantial amount of time (and it appears that the purpose of the legislation and public safety will be frustrated) then, subject to the merits of the particular application, there will be a presumption that the application will be refused.

All applicants will be expected to complete an intended use declaration as part of the application process. The declaration will be as follows (or will be drafted in such a way to have a similar effect and meaning):

Transfer of Ownership of Hackney Carriage

The transferee of a licensed hackney carriage shall be asked to inform the Authority whether they have a bona fide intention to ply for hire within the Borough of Rochdale local authority area. Transferees should note the obligation under Section 73 of the Local Government (Miscellaneous Provisions) Act 1976 to give to an Authorised Officer, information which may reasonably be required by him/her for the purpose of carrying out his/her functions under the legislation.

Transferees of existing licences shall be expected to have a bona fide intention to ply for hire with the Borough of Rochdale local authority area under the terms of the licence in respect of the vehicle being transferred.

Where the transferee of a licensed hackney carriage is found to have no intention to ply for hire, to a material extent, within the Borough of Rochdale local authority area and/or intends to trade in another local authority area also for a substantial amount of time (and it appears that the purpose of the legislation and public safety will be frustrated) then, subject to the merits of the particular case, consideration will be given (either at renewal

REV 15.02.16

or earlier) to the suspension or revocation of the licence. Where the transferee proposes to operate remotely from the Borough of Rochdale, there will be a presumption that his licence will be revoked. Each case will be decided on its merits.

All applicants will be expected to complete an intended use declaration as part of the application process, as above.

Change of Vehicle – When a Proprietor replaces a Licensed Vehicle

Applicants seeking the granting of a hackney carriage vehicle proprietor's licence for a vehicle intended to replace another licensed vehicle shall be asked to inform the authority of their intended use of the vehicle. There will be a presumption that applicants who no longer intend to ply for hire, to a material extent, within the Borough of Rochdale will not have the new licence granted. Even where the applicant intends to ply for hire to a material extent in the Borough of Rochdale, but the intention is also to trade in another local authority area for a substantial amount of time (and it appears that the purpose of the legislation and public safety will be frustrated) then, subject to the merits of the particular case, there will be a presumption that the application will be refused.

All applicants will be expected to complete an intended use declaration as part of the application process, as above.

Revocation or Suspension of Licence

Where a licence has been granted under the terms that the applicant intends to ply for hire, to a material extent, within the Borough of Rochdale but is subsequently found not to be plying for hire, to a material extent, in the Borough of Rochdale and/or to be trading in another local authority area for a substantial amount of time (and it appears that the purpose of the legislation and public safety will be frustrated) then, there will be a presumption that the licence will be reviewed by the Authority which could lead to the suspension or revocation of that licence. Each case will be decided on its own merits.

Exceptional Circumstances

Each application will be decided on its merits. However, the presumptions that intended use is to ply for hire, to a material extent, within Borough of Rochdale will be rebuttable in exceptional circumstances. Whilst it is neither possible nor prudent to draw up a list of what might amount to exceptional circumstances, an applicant who claims that exceptional circumstances exist, will be expected to be able to satisfy the Authority, at a Licensing Panel, that it would not frustrate the purposes of the legislation or compromise public safety if the licence were granted, renewed or if it were not suspended or revoked as the case may be.
